PROGRAM 2023

The province of Sondrio lies in the heart of the Italian Alps and is made up mostly of the Valtellina and Valchiavenna valleys

A mountainous region therefore with its peaks towering over 4000m above sea level and its 450 kms of ski slopes which will host the next Winter Olympic Games.

But there is much more to the Valtellina than this: the numerous lateral valleys with their clear mountain streams flowing down into the main valley to then converge into the Mera and Adda rivers which in turn flow into the spectacular Lake Como nearby, not to mention the steep mountain slopes lined with hundreds of kilometres of dry walling-man's arduous task to try and cultivate this hostile land-now a UNESCO World Heritage Site.

Valtellina is also the many historic medieval villages, each with a tale to tell, the steeply sloping vineyards and renowned local wines and dishes.

This is Valtellina and we invite you to come and experience it with us, travelling through 190 kms of wonderful scenery aided only by sustainable means- bicycle, canoe and on foot, leaving behind no environmental footprint and seeing this beautiful world through your own eyes. If you join us here, you'll spend 14 unforgettable days of adventure, friendship, enjoyment and non-competitive challenges where the only winner will be yourselves, arriving together in friendship, friendship that will stay with you forever.

We look forward to welcoming you to the Iron Camp.
